**Description**

It is allowed to input 1 or 256 and more symbols in the Domain name of E-mail field

Steps to reproduce:

1. Open the main page
2. Click Animation and Graphics link
3. Click Send a request button.
4. Input correct user name before symbol @, after that input 1 or 256 and more any digits or latin letters in the Domain name of E-mail field.
5. Click Send button

Expected result: E-mail field shows an erroe message

Actual result: "the message has been successfully sent"
