Description

It is allowed to input additional digits (in a quantity from 1 to 8) after correct phone number, which you input without white spaces.

Steps to reproduce:
1. Open the main page.
2. Click the Phone button in the right bottom corner.
3. Input correct phone number without white spaces (example: 0671234567) and add any digits in a quantity from 1 to 8.
4. Click Ring back button.

Expected result: Phone field shows an error message "incorrect phone number"
Actual result: 30 seconds countdown is started with a text message " Ring order is received. We are already calling to you"
